ABOUT US

Macro Line is a leading battery manufacturer and supplier, we specialize in providing top-notch inverter, solar, e-rickshaw, and automotive batteries. Our commitment to quality is evident through our ISO 9001:2015 certification, ensuring that every battery we produce meets rigorous standards. We pride ourselves on using only the finest raw materials sourced from industry-leading vendors, combined with the latest technology to create batteries known for their high performance, durable construction, long backup life, and optimal functionality. At Macro Line, we are dedicated to offering an unparalleled range of batteries at competitive prices, catering to the diverse needs of our valued clients.

Under the expert guidance of our mentor, **J.K. Singla**, who brings years of experience in the field, Macro Line has thrived by implementing sound business strategies, client-centric approaches, and ethical business practices. This has earned us the trust and loyalty of our clients, who rely on us for reliable, efficient, and cost-effective battery solutions. Whether you need batteries for your home, business, or vehicle, Macro Line is here to provide you with unmatched quality and service that exceeds expectations.

OUR PRODUCTS

- Solar Battery
- E-Rickshaw Battery
- Automotive Battery
- Inverter Battery
- Solar PCU

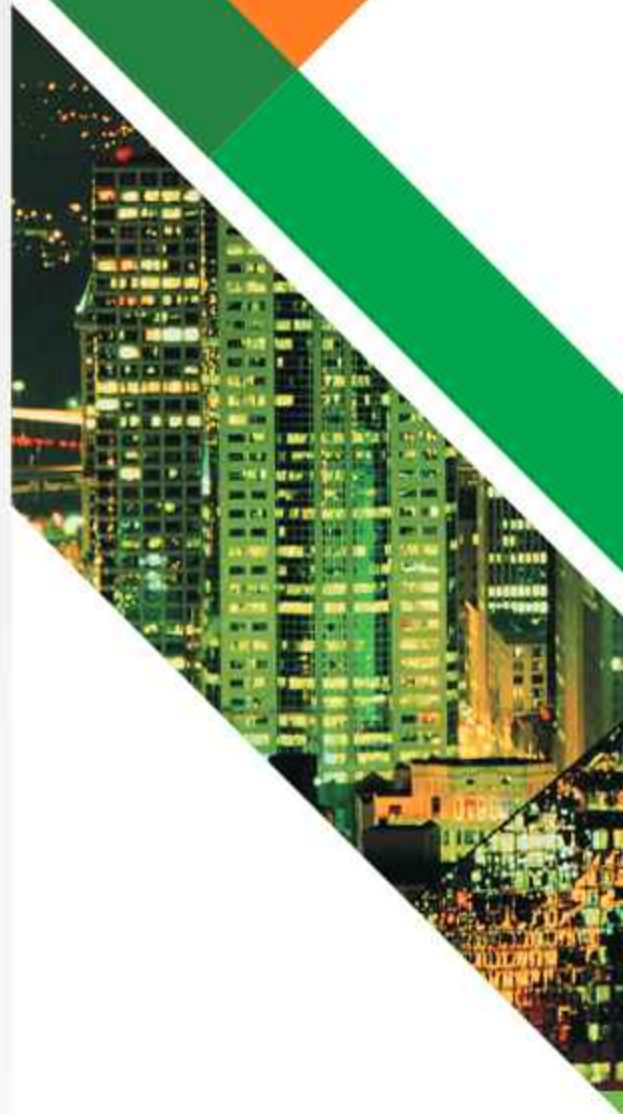

OUR CORE STRENGTHS

- Innovation & Commitment
- Technical Expertise
- Fully automated manufacturing facility

OUR KEY DIFFERENTIATIONS

- High Quality
- Cutting Edge Technology
- Customer Centric
- Industry specific expertise on time delivery

MACRO LINE
ENHANCING POWER

OUR VISION

At Macro Line, our vision is to revolutionize the energy and mobility industry by providing innovative products that enrich and uplift the quality of our customers' lives. We strive to become a global leader in energy and mobility solutions, offering cutting-edge technologies that empower individuals and businesses alike.

OUR MISSION

Our mission is to operate as an economically, socially, and environmentally responsible organization, prioritizing sustainability and ethical practices in everything we do. We are committed to constantly upgrading to state of the art technology, ensuring that we deliver the best value to our customers in terms of quality, performance, and reliability.

WHY US

Why choose Macro Line for your battery needs?

Quality Assurance: As an ISO 9001:2015 certified organization, we uphold the highest standards of quality in every battery we manufacture. Our products are built to last, ensuring long-lasting performance and reliability.

Innovative Technology: We constantly invest in state-of-the-art technology to deliver batteries that are at the forefront of innovation. This allows us to provide our customers with the latest advancements in energy and mobility solutions.

Customer-Centric Approach: Our focus is always on our customers' needs and satisfaction. We aim to deliver the best value by understanding and addressing their unique requirements, providing personalized solutions, and offering exceptional customer service.

Commitment to Sustainability: We are committed to sustainability in everything we do, from sourcing materials responsibly to reducing our environmental footprint. By choosing the Macro Line, you contribute to a greener and more sustainable future.

BATTERY PLANT INFRASTRUCTURE

INVERTER TALL TUBULAR BATTERIES

Macro Line is a renowned inverter battery manufacturer. Our inverter batteries are designed under the latest applied scientific automation. The high quality inverter batteries are ideal for residential homes and commercial settings. Due to compact design and light design, these batteries are suitable for long-distance transportation. Our batteries provide assurance of backup and high performance to keep your spaces sparkling with brightness.

Battery Model	Voltage	Rating	Warranty
MLJ15036	12V	150AH	36* Months
MLJ16048	12V	160AH	48* Months
MLT16548	12V	165AH	48* Months
MLT17560	12V	180AH	60* Months
MLT18060	12V	190AH	60* Months
MLT19060	12V	200AH	60* Months
MLT21060	12V	220AH	60* Months
MLT23060	12V	240AH	60* Months

SALIENT FEATURES:

- Special additives to enhance the recovery from deep discharge.
- High pressure casted spines to reduce grid corrosion.
- Higher electrolyte volume to reduce topping — up frequency.

**POWERING A
BRIGHTER TOMORROW**

AUTOMOTIVE BATTERIES

Demanding commercial vehicles require nothing less than the most powerful, reliable, durable batteries. The Micro Line Commercial Batteries have excellent starting power to provide the best starting, higher reserve capacity and deep discharge cycling to provide the reliable power.

Micro Line is the perfectly power solution and has the right battery for every commercial vehicle As always, Micro Line outstanding product quality is the result of our innovative technology.

Battery Model	Voltage	Rating	Warranty
ML15018	12V	150AH	18* Months
ML20018	12V	200AH	18* Months

SALIENT FEATURES:

- Special grid design for high cranking performance.
- Special additives to enhance the recovery from deep discharge.
- Combination of Polyethylene separator with Glass mat to reduce internal short

AUTOMOTIVE BATTERIES

Macro Line TRACTOR Batteries are made and tested to withstand the extreme weather conditions of our country. Our TRACTOR Batteries undergo stringent quality tests to deliver lasting power to your vehicles. Incorporating latest state of the art battery technology, our battery are durable, reliable and affordable for most TRACTOR.

Battery Model	Voltage	Rating	Warranty
ML9518	12V	95AH	18* Months
ML10518	12V	105AH	18* Months

SALIENT FEATURES:

- Reliable Power Source.
- Performance in Extreme Conditions. ...
- Reduced Maintenance. ...
- Longer Lifespan. ...
- Compatibility with Tractor's Electrical System.

PERFORMANCE

E-RICKSHAW BATTERIES

We offer excellent quality E-rickshaw batteries that have greater backup, more efficiency and mileage. Being a trusted E-rickshaw battery manufacturer, our customer's satisfaction is of prime importance, hence we batteries with robust build and latest features. Now take on the roads with ease with our range of E-rickshaw batteries.

Battery Model	Voltage	Rating	Warranty
MLE1206	12V	120AH	6* Months
MLE1409	12V	140AH	9* Months

SALIENT FEATURES:

- E-Rickshaw batteries boost the performance of E-Rickshaws with their robust outcomes.
- E-Rickshaw batteries are high on safety standards.
- E-Rickshaw batteries have enormous power.
- E-Rickshaw batteries have faster charging which results in more savings.
